PROFILE

Results-driven WordPress Developer with 5+ years of experience delivering high-performing web solutions. Proven track record as a Fiverr Level 2 Seller (2020–2024), successfully completing hundreds of projects with high client retention. Currently operating as an independent developer through WordPress10MS, specializing in custom themes, performance optimization, and scalable business solutions.

WORK EXPERIENCE

WordPress Developer | WordPress10MS (Independent) 2024 – Present

- Manage end-to-end web development projects for global clients through my independent portfolio and business platform.
- Design and deploy custom, SEO-optimized WordPress websites tailored to specific business goals.
- Provide ongoing technical support, security audits, and speed optimization for high-traffic sites.

Level 2 WordPress Expert | Fiverr (Freelance) 2020 – 2024

- Achieved and maintained Level 2 status by consistently delivering high-quality web solutions and maintaining a 4.8+ star rating.
- Collaborated with a diverse range of international clients to solve complex technical issues, from plugin customization to full-site migrations.
- Refined project management skills by handling multiple concurrent deadlines while ensuring 100% client satisfaction.
